SUBJECT: Complete Set of Draft Answers to "Followup"
Questions From Defector Citizenship HPSCI
Hearing

1. Attached for your concurrence is a set of draft answers to the "follow-up" questions posed by the House Permanent Select Committee on Intelligence (HPSCI) as a result of the 25 June 1985 hearings on expediting the naturalization of certain United States intelligence sources.

2. I have attempted to incorporate into these answers all the information received and discussed at our meeting. In certain instances, some numerical information still needs to be added. I ask the appropriate component to do so.

3. Please telephone me initially with your response so I can determine if it will be necessary to arrange for another meeting to review the answers.
